MEMORANDUM FOR: Chief, Materiel Staff, DPD

25X1A

ATTENTION :

SUBJECT : Foreign Matter in Fuel Strainers

As previously discussed, the recent rash of debris in U-2 fuel strainers could be a serious matter. I'm sure you can appreciate that we would feel much better if it could be determined where the stuff came from. Request Special Projects Branch be advised of the latest info on the problem, corrective action, etc. Please.
